

8 must-have plants for a pine rockland garden

(These species are usually available at native plant nurseries)

South Florida slash pine
(*Pinus elliotii* var. *densa*)

Muhly grass
(*Muhlenbergia capillaris*)

Saw palmetto
(*Serenoa repens*)

Florida gamagrass
(*Tripsacum floridanum*)

Lantana
(*Lantana involucrata*)

Corkystem passionflower
(*Passiflora suberosa*)

Beautyberry
(*Callicarpa americana*)

Coontie
(*Zamia integrifolia*)

Each of these needs full sun, except corkystem passionflower, beautyberry and coontie can tolerate partial shade. For more information on how to best grow these plants, visit the great [Natives for Your Neighborhood website](#) from The Institute for Regional Conservation.
