*With its golden sands, pastel-hued Art Deco hotels and the tropical wonderland of the Everglades, Florida's jewel is a departure port you won't want to leave*

Florida's most famous city and the biggest cruise port in the world, Miami is the only major US city with a female founder.

## Must See South beach

### Fairchild tropical botanic garden

Southwest of downtown Miami in beautiful Coral Gables, Fairchild Tropical Botanic Garden is a must-see for its collection of 23,000 specimen plants and rare trees, plus a museum, laboratory and the fascinating Wings of the Tropics rainforest walk.

If the Florida sun is baking hot and you'd rather not tackle this 83-acre site on foot, you can see the highlights in comfort on a guided tram tour.
