

The South Florida Palm Society (SFPS)

THE PALM REPORT

39th Fall Palm Show & Sale 2023

Featuring Hundreds of Species of Rare, Native, & Exotic Palms

November 2023 Sale Issue

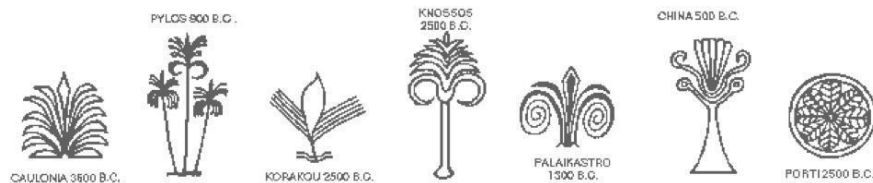

South Florida Palm Society (SFPS) - 2023

November 4th & 5th, 2023

@ Fairchild Tropical Botanic Garden

10901 Old Cutler Road, Coral Gables (Miami), Florida 33156

10am – 5pm (SAT - SUN)

Welcome to the South Florida Palm Society's 39th Fall Show & Sale! We are once again offering a very inclusive selection of well-grown plants, and we think you'll be pleased with what you see. In addition, we're continuing our popular free distribution of palm seeds. Some 25 species are available this year at the information/membership table while quantities last.

We are also offering high-quality reproductions of palm posters painted by Lee Adams, a naturalist and self-taught artist. A Jacksonville native, Adams first met Dr. David Fairchild in 1945 and impressed him with his skill. In 1961, Dr. Arthur Montgomery, the son of Fairchild Tropical Garden founder Col. Robert Montgomery, commissioned Adams to produce botanical watercolor paintings for the Garden. Unfortunately, Adams died in his late 40s in a traffic accident.

Many of his works graced the walls of the Garden House for decades, and some can now be seen in the Science Village. We are fortunate to have posters of two palm species available.

South Florida Palm Society (SFPS) - 2023

After brutal summer heat, we were surprised -- and relieved -- to experience our first cold front of the dry season more than two weeks early. Conditions this weekend should encourage you to tour the grounds of the Garden when you leave our sale area. Tucked away here and there you'll find interesting additions to Fairchild's astounding palm collection. And while you're here, be sure to take a stroll through the butterfly conservatory.

Thanks for your interest in, and support of, the South Florida Palm Society. Enjoy your weekend!

Sincerely,

Lenny Goldstein

President, South Florida Palm Society (SFPS)

Thank you to all volunteers, Event Chairman Julio Alvarez, Jorge J. Zaldivar for compiling plant species list + *The Palm Report*, and all the vendors!

Tickets and more info can be found at our website

The South Florida Palm Society (SFPS) is a not-for-profit organization whose mission is to disseminate information about and encourage interest in palms. The South Florida Palm Society uses its funds to help support local botanical gardens, individual scientific research expeditions or projects, conservation, planting projects and educational efforts. The horticultural society was reincorporated in 1982, but dates back to 1955.

Join our society to support these projects.
Submit payment or renew memberships online.
