THE LUCK OF THE leprechaun

FEBRUARY 17 - MARCH 17

Welcome, lucky adventurer! The mischievous leprechauns have hidden a trail of **lucky items** throughout the Garden, and it's up to **YOU** to follow the **clues**, uncover the **treasures**, and complete the journey. Fill in the blanks below with the items you find. Each stop brings you closer to the final destination! Stay sharp, trust your luck, and may the spirit of the leprechaun guide your way.

Ready to begin? Your first clue awaits...

Fill in the blanks below:

FIRST CLUE: STOP 1

Luck is rare, but here it thrives, where **two paths meet**, fortune arrives. Look behind, among the green, a special leaf waits to be seen!

STOP 2: In the **Pergola's** path, wish upon my light, with a twinkle above, a trail so bright. Although I may fall, I will never fade, find me where all the vines weave to make shade.

STOP 3: I bloom in water, pure and bright, **Amazonica's** jewel, a lovely sight. Floating gently, soft, and wide, where beauty and wisdom both reside.

STOP 4: I hop and dash, through **learn-ing trails** near wisdom's walls and nature's tales. Between the greenery so strong and tall, find my footprint—luck and all!

STOP 5: In **Bailey Palm Glade**, come take a peek where nature's beauty hides what you seek! A creature of magic, so rare to see, with a spiraled horn, wild and free.

STOP 6: I wear red with spots, so tiny and small by the **Wings of the Tropics**, I'm loved by all. Like all of my friends, that flutter so high, I changed and grew, before I could fly.

STOP 7: Just down the path, where science meets air, I'm standing tall, with roots to spare. My **Bam** and my **Boo**, with stalks so green a sign of strength and luck unseen.

STOP 8: I guard the hooves, on trails well-trod, find me near the **Mulch-Path** sod! Flip me up, I bring you cheer, luck and fortune is always near.

FINAL STOP 9: You've followed luck and found your way, but one last treasure calls today! With shades that blend both soft and bold, a **rainbow** stands with stories told. Look behind where hues entwine, a hidden prize is yours to find!
