

# Drawing the Masters Class with Artist Dan Bondroff Supply List

## **Pencils**

1-2 number 2 pencils. Also known as 2H pencils  
Any brand pencil will do.

## **Sharpie Markers**

1 Black Ultrafine  
1 Black Fine

## **Eraser**

1 white plastic eraser  
Any brand, avoid gummy erasers

## **Pencil sharpener**

Any small handheld pencil sharpener. The small inexpensive metal ones work well.

## **Set of Markers**

Any set of marks will do, but the more colors you have, the better. 24 is a good number. Sharpie has two 12 color sets that are nice. One is their regular 12 count color set, fine point. The other is called Mystic Gems (also a 12 pack of fine point). I recommend getting both sets. Another brand is ArtPOP! Infinity Markers, set of 24. ArtPop! Markers are two sided and their colors are very bright.

## **A pad or sketchbook of thick white paper**

Paper needs to be thick enough, so the markers don't bleed through to the next pages  
Blick 100lb. Bristol Board is a good inexpensive brand  
No larger than 11x14.

## **Printed photos**

**Print out of source photos that will be supplied as digital files before class begins.**

It's possible to work from digital files on a phone or tablet, but not recommended.

## **Drawing board**

Not necessary if you work in a sketchbook. Feel free to use one if you wish to remove pages from the drawing pad and have them loose on the table. If you do, I recommend a roll of white artist tape to adhere your drawing to the board.
